HYDOR S.A.
is a Constructive and Commercial Company with a creative course since established (1984), in Navigation-Industry field. In its try for better and more effective coverage for the navigation and industry needs, it ACTS - SPECIALIZES - CREATES

**Spare parts**
for complete pumps:
- EJECTOR PUMP, S.W. COOL PUMP, BOILER PUMP, VACUUM PUMP, L.O. PUMP,
- BILGE PUMP, SLUDGE PUMP

**Makers:**
- ALLWEILER, COFFIN, DESMI, EBARA, FRAMO, HAMWORTHY, HEISHIN, IMO, IRON, ISHII, ITUR, JMW, KAWASAKI-IMO, KOSAKA, K.S.B., NANIWA, NIRED, RUHRUMPUMPEN,
- SHINKOKINZOKU, TAIKO KIKAI, THUNE EUREKA, TEIKOKU, BEHRENS, etc.

**Separators**
- ALFA LAVAL, MITSUBISHI, WESTFALIA etc.

**Air compressors**
- HAMWORTHY, TANABE, TEIKOKU, SPERRE, SAUER, DAIKIN etc.

**Pumps and hydraulic circuits repairs.**

**Steel pipes**
double skining for main engines, electric machines, generators, provided with testing certificate.

**High pressure**
metallic hoses DIN2391 of hydraulic circuits

**Flexible hoses**
high, and low pressure for oil, fuel, water, air

**Inoxflex hoses**
of high temperature (-40 +600 C0) for steam, oil, petroleum and chemicals

**Quick coupling fittings**
ermeto type

**Press Fitting System**
Inox - Galvan - Copper pipes, quick coupling fitting, with a lot of accessories and solutions, without welding and in 1/3 of time for installation, capable for potable water, warm - cold - rainwater, steam, gas, sea water.

Our company corporates with the most serious factories in Europe as:
- BENTELE, RAPISARDA, MANULI, IDROSAPIENS, RASTELLI RACCORDI, RACORDERIE METALLICHE etc.
